

Title of the Project

A short summary of the project (maximum 1000 characters) describing the goals and objectives of the project goes here.

1 Main Section Title

This template is to be used for drafting the White Paper for the competition. The paper must be maximum 5 pages for the main section. Up to, but no more than, 2 extra pages are added in the template where to mention all contributions to the submission, with a maximum of 10 main contributors per participating team. **Submission is in .pdf format only. This page is required to complete the submission.**

The format style (fonts, margins, etc...) must not be modified for the submission to be valid. **Documents submitted using template other than the one provided will not be considered.**

1.1 Subsection Title

The report must include the following themes which are used by the jury for evaluating the submission:

- Level of Innovation
- Business Case
- Engineering and/or scientific achievement

The choice of how to best structure the report is left to each individual team submission, to best fit the project scope, novelty, and business case.

1.2 Insert Figures

This is how to insert a single figure Fig. 1 and center it:

This is how to create a figure from multiple images Fig. 2:

1.3 Insert table

Here is an example of how to insert a simple table, Table 1, in latex and a table with multiline, Table 2:

Figure 1: This is the caption of the figure

Figure 2: The same cup of coffee. Two times.

Table 1: Your first table

Value 1	Value 2	Value 3
α	β	γ
1	A	a
2	B	b
3	C	c

Table 2: Multirow table

Value 1	Value 2	Value 3
α	β	γ
1	A1	a1
	A2	a2
3	B	b
4	C	c

2 Insert Equations

This is how a simple equation Eq. 1 is inserted in the document

$$y = mx + c \tag{1}$$

And this is an example of a more complex equation Eq. 2:

$$E = \frac{E_{spec}}{g} \cdot MF_{Batt} \cdot \underbrace{\prod \eta \cdot \eta_{Batt} \cdot f_{usable}}_{\sim 0.8} \cdot \frac{L/D}{V} \quad (2)$$

2.1 References

An independent page has been set up for the list of references, and examples on how to input books [1], conference papers [2], journal articles [3], and websites [4] have been provided.
